Contents

Executive Summary I

Introduction 19

Part I: Wildlife Trends, Threats, and Conservation Challenges in California 26

1 California's Natural Diversity 27

2 Species at Risk 35

3 Threats to Wildlife Diversity in California 41

4 Statewide Conservation Actions 47

5 Monitoring 53

6 Strengthening California's Conservation Capabilities 77

Part II: Regions 98

Introduction to the Regions 99

6 Mojave Desert Region 103

7 Colorado Desert Region 131

8 South Coast Region 163

9 Central Coast Region 175

10 North Coast Region 209

11 Modoc Plateau Region 237

12 Sierra Nevada and Cascades Region 257

13 Central Valley and Bay-Delta Region 295

14 Marine Region 15

Appendix A: Required Report Elements and Compliance 357

Appendix B: Strategy Development 361

Appendix C: Wildlife Information Sources 364

Appendix D: Department of Fish and Game Species and Habitat
Information Sources 376

Appendix E: Off-Highway Vehicles and Wildlife Workshop 381

Appendix F: Conservation Action Workshop Summaries 386

Appendix G: Information Sources for Wildlife and Habitat Conservation on
Private Lands 414

Appendix H: Scientific Names of Species 422

Appendix I: Survey of Resource Assessment Activities Statewide 435

Appendix J: Monitoring Needs to Support Conservation Actions 438
